

To access ClinicalKey from any location, users need to enable remote access. The instructions below show how registering with an organizational email address can activate remote privileges.

## Register for a User Profile

1. Visit ClinicalKey at [www.clinicalkey.com](http://www.clinicalkey.com) and click *Register* in the upper-right hand corner (Fig. 1).
2. Create Your Username and Password using your organizational email address as your username.
3. Click *Register* to generate a confirmation email.

*Note: If you have already registered for ClinicalKey or any of the following products: ClinicalKey for Nursing, Clinical Pharmacology powered by ClinicalKey, Scopus or ScienceDirect, proceed to step 4.*

## Activate Remote Access

4. Visit the Login Page at <https://www.clinicalkey.com/#!/login> and click *Apply Now* under the Remote Access section in the lower right-hand corner (Fig. 2).

*Note: Before clicking Apply Now ensure that you are logged out of ClinicalKey or any other Elsevier product.*

5. Input your Organizational Email and click continue to generate an activation email

6. Open the Activation Email within 60 minutes and click the *Activate Remote Access* link (Fig. 3).
